

PRIVACY POLICY

AI (X11) Platform

Effective Date: 6 march 2026

This Privacy Policy explains how information is collected, used, processed, and protected when you access or use the AI (X11) platform (the “Platform”).

The Platform is owned and operated by:

Wallstreetpartner INC

90 State Street, Suite 700 Office 40

Albany, NY 12207

United States

Email: INFO@CHATX11.COM

For the purposes of this Privacy Policy, the terms “Company”, “we”, “us”, and “our” refer to Wallstreetpartner INC.

By using the Platform, you acknowledge that you have read and understood this Privacy Policy.

1. Nature of the Platform

The Platform is a **software-based artificial intelligence assistant designed to help users organize information, manage documents, and automate certain business processes.**

The Platform is **not a law firm and does not provide legal services or legal advice.**

Any information generated by the Platform is produced automatically by software systems based on data provided by users.

The Company does not act as a lawyer, legal representative, financial advisor, tax advisor, or licensed professional.

Users remain solely responsible for verifying all information generated by the Platform and for obtaining professional advice where required.

2. Information We Collect

We may collect several categories of information when users access or interact with the Platform.

2.1 Information Provided by Users

Users may voluntarily upload or provide information such as:

- documents and contracts
- text messages or communications
- business records
- corporate information
- contact details
- files or data submitted for analysis.

This information is provided entirely at the User's discretion.

Users should not submit information unless they have the legal right to do so.

2.2 Technical Information

We may automatically collect certain technical information including:

- IP address
- device type
- browser type
- operating system
- session activity
- log files
- access timestamps.

This information helps maintain system security and improve service performance.

2.3 AI Interaction Data

When interacting with the Platform, users may provide prompts, instructions, or documents that are processed by artificial intelligence systems.

These inputs and outputs may be temporarily processed to generate responses or perform requested tasks.

3. How We Use Information

Information may be used for the following purposes:

- operating and maintaining the Platform
- enabling document analysis and automation features
- improving system functionality and performance
- detecting technical issues or security threats
- responding to user requests or inquiries
- complying with legal obligations.

The Company does not use user data to provide personalized legal advice or professional services.

4. AI Processing

The Platform uses artificial intelligence systems to analyze text, generate document drafts, and process information.

AI-generated outputs are produced automatically by software algorithms and may not always be accurate, complete, or up to date.

Users remain solely responsible for reviewing and verifying all generated content.

The Platform does not make binding legal, financial, or regulatory decisions on behalf of users.

5. Data Storage and Security

The Company implements reasonable technical and organizational measures designed to protect user data.

Security measures may include:

- encryption technologies
- secure cloud storage systems
- restricted access controls
- authentication mechanisms
- monitoring for unauthorized access.

Certain information may be stored using encrypted cloud services.

Despite these protections, no digital system can guarantee absolute security.

6. Confidential Information

Users may upload confidential or business-sensitive information.

While the Platform supports encrypted storage and secure processing, users remain responsible for determining what information they choose to upload or share.

The Company does not guarantee that confidential materials will remain protected in all circumstances.

7. Third-Party Services

The Platform may rely on third-party technologies and service providers to operate certain functions, including:

- cloud storage providers
- communication systems
- analytics tools
- AI processing infrastructure.

These third parties may process limited technical data necessary to operate their services.

The Company does not control the privacy practices of third-party services.

8. Data Retention

Information may be stored for as long as necessary to operate the Platform and provide its functionality.

Users may request deletion of certain data where technically feasible.

Some data may be retained for legal, security, or operational purposes.

9. International Data Processing

The Platform may be accessed from multiple countries.

By using the Platform, users acknowledge that their information may be processed or stored in jurisdictions outside their country of residence.

Data protection laws in those jurisdictions may differ from those in the user's location.

10. User Responsibilities

Users are responsible for:

- ensuring that they have the legal right to submit any data
- verifying AI-generated outputs
- complying with applicable laws and regulations
- protecting their account credentials.

Users should not rely solely on automated systems when making legal, financial, or regulatory decisions.

11. Limitation of Responsibility

The Company does not guarantee:

- the accuracy of AI-generated outputs
- the completeness of information analysis
- the legal validity of generated documents
- the suitability of outputs for specific purposes.

The Platform is provided strictly as a **technology tool for informational and administrative assistance**.

12. Children's Privacy

The Platform is not intended for individuals under the age of 18.

The Company does not knowingly collect personal information from minors.

13. Changes to This Privacy Policy

The Company may update this Privacy Policy periodically.

Updates will become effective once published on the Platform.

Continued use of the Platform after changes indicates acceptance of the updated policy.

14. Contact Information

If you have questions regarding this Privacy Policy, please contact:
